MEMORANDUM FOR: Deputy Director (Research)

SUBJECT: Location of the Control Center for
Satellite Reconnaissance Operations

1. In view of the decision of the Director of Central Intelligence early in January to retain the Satellite Control Center in its present location, it is assumed control of Satellite Reconnaissance Operations will remain with the Central Intelligence Agency.

2. With the resignation of Dr. Joseph V. Charyk and the appointment of Dr. Brockway McMillan, the political atmosphere may require re-examination of this subject. I have had the attached study and cover letter prepared to aid you in obtaining guidance from the Director.

3. Tab A of this study was prepared in accordance with your staff meeting request of 19 February 1963.
